- ✦ Continuous use : Approx. 60 hours
- ✦ Dimensions : W60 x D60 x H86 (mm)
- ✦ Weight : 76g (unit without batteries)

Compact and Stylish

Lightweight and with a base just 6 cm in diameter, the iPexII can quickly be set up and used in virtually any environment. The LCD panel is pitched at the ideal angle that allows Clinicians to easily & without distraction monitor conditions ensuring safe and smooth root canal procedures

The display panel is easily viewable from an operating stance & also minimizes reflectivity, while maintaining the Clinicians focus on the procedure.
